Dear Brother in Islam,

Assalamu Alaikum

I pray that Almighty Allah is blessing you & all our brothers there. I pray that Allah is guiding you all.

I wish to inform you that I am not at Chillewicks any longer. But, I did receive your tawjib letter. I am also glad to hear that everything is tawjib there. I was moved here during a sit down strike. But I had my choice to come here, so I took it. But I believe I made a wise choice. *Insha'Allah*

I do not know who is Amin there now, but as soon as I am able to find out I will forward it to you or have a brother here forward it to you. I can tell you what I know, and hope it will be a help to you. as far as I know there are about five brothers who are tawjib there. These are the ones who are making *Satal* & going to *Jumara*. But many brothers have fallen back, for one reason or another. It is a shame, that this does happen, but Allah is the best knower. Pray that Allah will guide all of us to the right path.

As far as I had seen there is no economic program there. We had been trying to set up classes, for

our selves, but nothing ^{seemed} ~~seem~~ to come of it,
maybe, something can be worked out. We had
a lot of trouble with the people there, mail office -
Jago - that one of the big shots there. I wrote
letters out to the Mosque in Cleveland
& was awaiting an answer at the time I came
here. The way the place is set up there
people can move around freely, so I myself
& some of the other brothers there had felt that
a lot of men there could be shown the way
to Islam, Insh'Allah. If something could
have been set up. A few brothers & myself
had tried talking to men there. Insh'Allah,
something will come of it in the long
run.

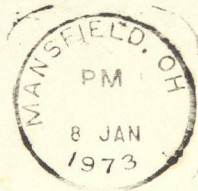

I will close. May Allah Bless you all,
& May we never let go of Allah's Rope.

Waasalamu Alaikun,
Your Muslim Brother,
Abu Ali Abul

As Salaam alaikum wa rahmatullah wa barakatuh

My most devoted ahk's ;

I do hope that when this most humble penmanship (letter) reaches you, inshallah it will find you and the entire Jammat there in the best of health both physcially and mentally and most of all spirtually: For when the spirtual powers within us are united with together-ness we are strong as the links of a chain, and it is through this stage that terms the meeting of ALLAH, for it is then that we see the face of ALLAH.

There have been some changes within our Jammat here (Al Mu'Min Thani annex) and I am sending to you a list of the ahks who are presently functioning in the Jammat as Amirs and Thani Imam, for your files, in order that you may have the necessary information for correspondence, names, numbers etc...

We the righteous servants of ALLAH are now at present, under hard trials and sufferings and Mash-ALLAH will see death face to face one day sooner or later, but we do not contend with ALLAH to remove our suffering . We know that ~~to~~ pray to ALLAH to pass away the cup of our hard lot is opposing His will and is not in accordance with a total resignation to it.

The true believers, lovers and servants of ALLAH do not recede but take a forward step when they see ills and adversities and looking upon his or her life as a very insignificant thing, willingly submit their selves to ALLAH in Islam and are prepared to meet the worst. So we must avoid every circumstance which might make us stumble at any time, and so long as we are devoid of high morals the evil nature is predominate in us .

So lets be paramount over the nafs-i-ammara and the alluding suggestion of the evil one who stops us from linking our forces together through the only way at this present time we can; which is through correspondence.

"and in no wise covet those things in which Allah has bestowed His gifts more freely on some of you than on others: To men is allotted what they earn, and to women what they earn: But ask Allah, of His bounty, for Allah has knowledge of all things". (IV, 32)

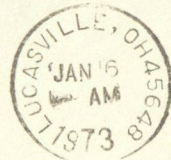

as Salaamu alaikum my beloved arki,

I truly and sincerely hope and pray that when these few lines reaches your hands they find you and all the rest of the ahl's in the very best of health and that Allah with his infinite mercy is bestowing upon you your full share. as for myself, I am as well as can be expected under my present situation. I'm sorry [redacted] that I haven't written you sooner. Inshaallah forgive me ahh, Ellhamdulillah. Man I am going to try and run down to you just what this place is all about objectively, inshaallah. But it is sort of hard to do since the jinn down here keep you off balance so much. you see ahh down here they are coming from a mental point of view. What I mean is, that they are dealing strictly with your mind. Everything is geared towards and for ~~phys~~ psychological reformation. perpetrating gross jinnism. It goes something like this, in the old school system they use to beat your body for the physical abuse. Down here in the new way they beat your mind. and I mean they are prepared to give it one heck of a beating at that. ahh do you remember when you use to reflect on and relate to the brothers about that there will come a time when you can't give or much fake. That you will have to be for real. Well you be sure and tell

Those brothers that the time has now arose. You tell them that this is the most well put together mental hospital that they will ever see or hope to see. Lima state is nothing compared to this place. and the bad part and most dangerous part is that you don't even know that you are accepting just what you are trying with all your might to reject. The only way to get around these people here, is through Islam, I mean knowledge of Allah and Islam. Because if the only thing that you are equipped with is Taysinyat. Then believe me you don't stand a chance. Knowledge about Allah and the strive for more knowledge 30 hours a day and faith in what you have acquired will be your only savior. ahh I am going to tell you what I am doing now and even since I've been here. also I want to ask you if I am right in what I am doing. If I am wrong, you tell me and I'll stop. If I am right, then give me some feed back that might be of some help to me, mashaallah. I am compiling all the things that I can pertaining to the Jamaat, what we are doing, how things are runned, what happens from day to day. How our administration is being handled, what the wives are, and in what direction they are going. I want to be able to submit this to the chief when he gets back, inshaallah. ahh if I ever wished for anything in my life, I wish that you were here to help get some Islam established. My brother I am going to close for now, please answer soon. Mand I am about to go stright up and take some of these fool heads. But I want to do it all the way that Allah (subhana wa ta ala) says to do it answer soon and take care of yourself

As Salaamu Alaikum Arkuya,

I received your most heart warming scribe friday (Juma) and was very glad indeed to hear from you and to know that you and all the brothers are still striving and doing well by the grace and mercy of Allah. As for myself, I am doing much better now than I was a few days ago. Thanks to your wonderful scribe. Give all the brothers my salaams for me. Give my mellow [REDACTED] my salaams the next time that he comes down to see you or write. Naum ahk I've been trying to relate Qu'ran and Hadith to the brothers every since the first day I came here. But it seems to do no good whatsoever. Well at any rate it doesn't seem to show in the manifestation of their actions. But as you related to me in your letter, the strive is long, hard and fair. I don't know how you read my mind but I was about to stop trying and go for myself as far as striving. But now I am going to try and break this thing wide open with Qu'ran and Hadith. Either we are going to get down with some sunni Islam or get out. The jinns give us all this freedom by the command of Allah and we don't know what to do with it. Instead of striving that much harder to establish more, we are doing nothing but jiving. We are becoming no more than super-fly muslims down here. We have a treaty with every group down here and I mean every group, and the niggers don't do anything but make it their bussiness to break them. It is time now for a lot less talking and a lot more dying (Fi sibal Allah). But it seems that we are hung up on dying of old age. Ahk we don't wantt to die it seems like to me. We have entirely missed the point that the Holy Prophet Mahammad (S.A.A.W.S.) tried so hard to stress to us when we are at war, and believe me we are certainly at war with these kufrs and niggers. VICTORY or MARTYRDOM. Its a shame but down here the jinn has us so turned around we hate to hear the word Paradise. We will broom someone quicker for mentioning that word than we would if we were in an actual Jihad. Ahk I pray that Allah will show us all the way so you do the same thing. And show us that it is time to strive and not jive. Maybe a little adversity will be sufficient enough to pull our coats to what time it really is. You take very good care of yourself and tell [REDACTED] to do the same. Hope to see you soon in the free world. your brother in faith always, inshaAllah. [REDACTED]
